About Department

A Diploma in Pharmacy (D.Pharm) is a two-year professional diploma course designed to provide foundational knowledge and skills for entry-level positions in the pharmaceutical field. It focuses on preparing students for roles in pharmacies, hospitals, and other related fields.

Key aspects of D.Pharm:

Duration: 2 years.

Eligibility: Typically requires a 10+2 with Science stream (Physics, Chemistry, Biology/Mathematics).

Curriculum: Covers fundamental pharmacy subjects, including pharmacology, pharmaceuticals, and pharmacy law.

Career Opportunities: Graduates can work as pharmacy technicians, assistants, or aides in various settings like community pharmacies, hospitals, and clinics.

Further Education: D.Pharm can serve as a pathway for pursuing a Bachelor of Pharmacy (B.Pharm) degree.

Focus: Provides practical training, laboratory work, and clinical rotations to equip students with hands-on experience.

In essence, D.Pharm offers a solid foundation for those interested in the pharmaceutical field, providing both theoretical knowledge and practical skills for entry-level positions and further education.

Vision

To offer value added quality pharmacy education & provide academic training to our student.

Mission

1. To provide a good quality education and training to meet the demands of the health & care industry.
2. To lay special emphasis on value based education system.
3. To promote innovative attitude among the faculty and student.

PEO's

To develop pharmacists who will

1. Integrate pharmacy knowledge and skills for employment and entrepreneurship.
2. Contribute to society using their leadership skills, attitude, ethics and values.
3. Strive for life-long learning in their profession.
