ABOUT THE DEPARTMENT

The department of Civil Engineering was introduced in the year 2012-13 with an initial intake capacity of 60 students. Currently, the department has strength of Six Lecturers, two lab assistant, two laboratory supervisors. The department is continuously and gradually strengthening its infrastructures including laboratories and other facilities. The department comprises about five laboratories with sophisticated instruments. The department is continuously striving to achieve excellence in education, academic and industry-oriented research as well as consultancy services to society. We are hopeful that, our students will be able to serve the various needs of society by blending intellectual and practical experiences gained from the institute. Academic coursework and projects are designed to endow students with the ability to apply their knowledge effectively for solving multidisciplinary Problem.

PRINCIPAL'S MESSAGE

KBS"s North Maharashtra collage of Engineering and Polytechnic to create an atmosphere of excellence, hard work and professionalism in all its undertakings. It is committed to fulfill student's aspirations, build their self-esteem and develop their personality. It strains forward in creating opportunities for the students and helping them to become professionals for a better tomorrow. Students are nurtured to grow in honesty, confidence, creativity, discipline and enthusiasm. The college provides the best exposure and opportunities to the students with a curriculum that is designed to ensure that all the students realize their potentials. I am confident that we, with the support of the management, staff and students, will continue to grow, prosper and reach new heights. I assure you that no stone will be left unturned in helping you to realize your cherished goals. We warmly welcome you all to KBS"s North Maharashtra collage of Engineering and Polytechnic!

Mr.S.S.Patil Principal

MESSAGE FROM HOD

It gives me profound pleasure and pride to explore a remarkable education world in the Department of Civil Engineering. It has been our endeavor, right from the beginning, to make our department a preferred destination for students who want to get to the top of this field. We aspire to mould our students into globally competent and well chiseled Civil Engineers who can meet the challenges of technological advancement. All efforts are also being made to inculcate social values and professional ethics in our students to face the current as well as future global standards. A well-qualified and competent faculty with well-equipped labs are committed to provide an excellent teaching methodology for nurturing the students into excellent engineers as well as good human beings.
